Trillium Chest

Forest Flower

One of the first flowers to bloom in the Northwest forests each spring, the trillium shines with clean, white petals and glossy green leaves. Front and end panels display the flower's exquisite triangular shape against a dark background. Inlaid design by artist Anne Warnock.

This chest is constructed with solid and veneer maple. Panels are composed of natural maple along with purple, green, and grey dyed poplar veneers. The finish is a durable clear lacquer or, upon request, a hand rubbed organic oil finish.

This chest is made child safe with mechanical closers. It makes a perfect toy trunk or end table, or can be fitted with a cedar lining to serve as a blanket chest. Doubles as a comfortable bench.
